

Instructions for registering Tas Engineering software:

Download and Install Tas Engineering:

- Follow the Getting Started guide: <https://www.edsltas.com/gettingstarted/>
- To request your license key file send an email to support@edsltas.com with the required information below.

Information for Instructors/Students:

Instructors and students should use their university/college emails and include the following information in their email:

- Name of academic institution
- Name of supervisor/lecturer (for students) and email address
- Course title/project title (for students)
- End date of current semester / project deadline

To expedite the reply of emails please send inquiries to support@edsltas.com (US and Canadian support).
